

ESCAPE ROOM LIVE SAFETY

Escape Room Live has implemented the following measures to be the safest entertainment experience.

Social Distancing in Common Areas

Escape Room Live standards will be marked out in designated areas.

All board games and photo props have been removed to limit contamination.

All Private Rooms

Each group will have a private room to themselves. This means your group will be the only ones in the room. We'll never pair you with strangers.

Contact-less Check-in

Our waivers are available on-line so you won't need to touch screens or make contact with our team members during check-in.

QR codes will be available to sign waivers on your own mobile device to limit contact.

Hand Sanitizer Available

We've always had hand sanitizer available for use and will continue to have readily throughout the venue.

Disinfecting Between Adventures

After a group completes an escape, a cleaning and sanitation is performed.

In addition, escapes will start at staggered times to minimize contact with other groups.

Do Your Part

We ask all guests to wash or sanitize their hands before and after their experience and wear masks at all times.

If you or someone in your group is not feeling well, please don't hesitate to reschedule.

Our Team

All employees will be wearing face masks and gloves throughout your experience. Our Game Masters will be distancing themselves from you at least 6 feet at all times.
